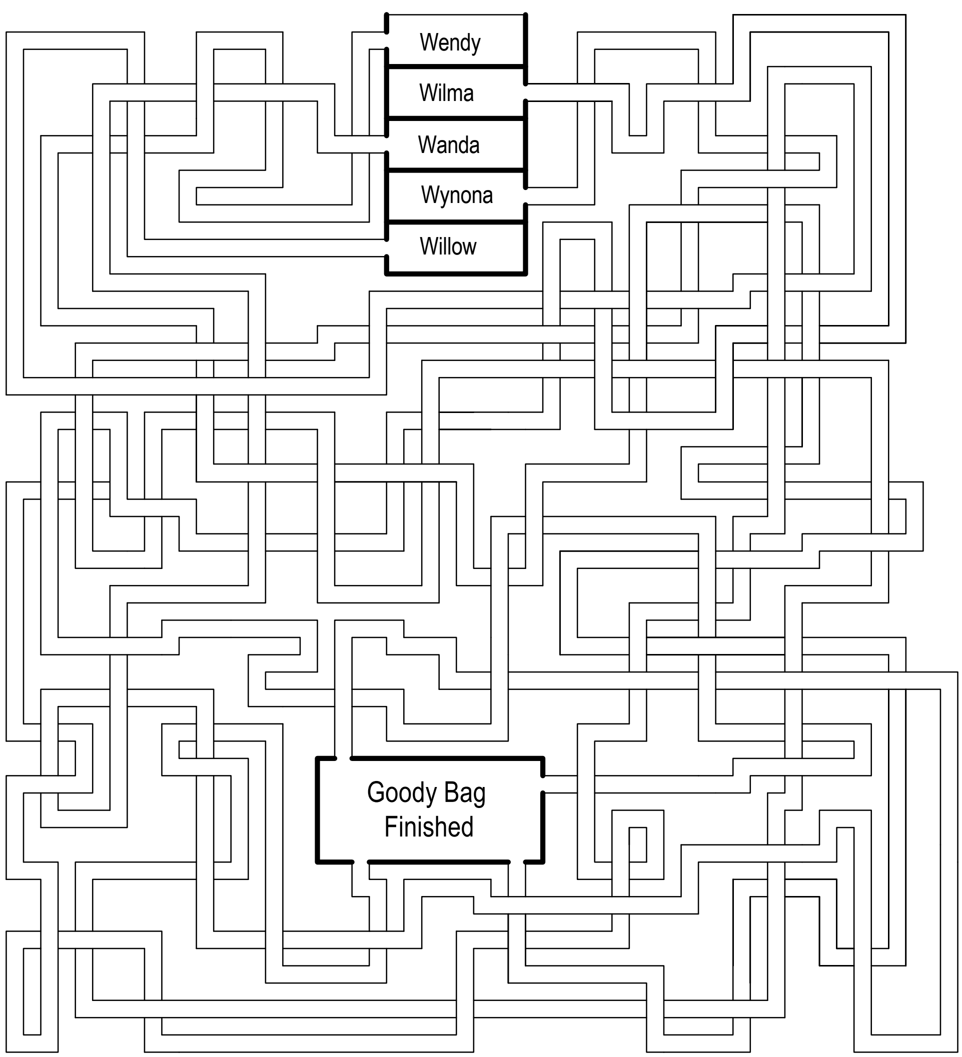
Whodunnit--(k)Not!

Five stitchers worked on Halloween goody bags, but only four completed the project. Which stitcher did not complete her goody bag? To find out, follow the paths of each stitcher. Paths go under and over one another, so keep traveling if a path merely passes beneath another. Which stitcher's path doesn't make it to the finish?



Send an e-mail with PUZZLE CONTEST in the subject line, and the name of the unfinished stitcher in the body of the letter.
